

# COSHH Risk Assessment

## JANGRO HYGIENIC HAND RUB (800 ml)

Product Code: BK153-80

PROCESS STAGE	POTENTIAL RISK	CONTROL MEASURES	ACTION REQUIRED
<b>DELIVERY</b>			
Packaged in 6 x 800 ml cartridge pouch in a cardboard carton. Delivered in single containers if required.	Risk of spillage if the container is dropped. Risk of injury to user if dropped.	Take care not to drop the containers. Ensure that the cap is secure at all times.	Transfer containers to store immediately following delivery. Do not leave containers where users of the building will come into contact with them.
<b>STORAGE</b>			
Containers must be stored upright in a cool, dry storage area. Product must be kept stored in its original container.	Not flammable. Minimal risk of spillage if lids are firmly in place. Do NOT allow to freeze.	Keep containers in secure storage areas at a stable temperature. Restrict access to storage areas to authorised personnel. Be aware that spillages may make floors slippery.	Use oldest stock first. Make regular checks to ensure that storage area is clean and tidy. Make regular checks to ensure containers are not split or blown.
<b>USAGE</b>			
Product is dispensed in small quantities directly into the palm of the hands. Product is spread thoroughly over hands and lower forearms and rubbed well until skin is dry.	Risk of eye contact. Risk of inhalation. Risk to damaged skin. Risk of spillage on to floor. Prolonged usage may cause irritation to individuals with sensitive skin.	Handle the containers with care. Do not use on hands with cuts and grazes. Keep the product away from the face. Always read manufacturer's instructions prior to use. Avoid prolonged usage.	Ensure that operatives are aware of location of First Aid facilities and personnel.
<b>DISPOSAL</b>			
Empty containers must be disposed of as normal waste. Small amounts of residual product may be flushed with water to sewer. Recycle all containers wherever facilities are available.	Small risk of eye contact. Small risk of inhalation.	Wash out the container using plenty of water. Do not store any other material in the empty container. Ensure that the container is exhausted before disposal.	Ensure that all operatives wear Personal Protective Equipment at all times during disposal.
